## Police seize \$1,200 in marijuana

### Arrest 3, get customers' names

Antioch police found a suitcase containing about \$1,200 worth of marijuana in a young man's bedroom at 587 Main St. last Thursday.

As the result of a three-week investigation, they arrested James J. King, 21, and charged him with two felonies: possession of cannabis (marijuana) over 500 grams and possession of cannabis with intent to deliver over 500 grams.

King, a roomer at the Main St. address, was taken to Lake County jail and will have a preliminary hearing in court at 1:30 p.m. on Apr. 14.

ALSO ARRESTED, on misdemeanor charges, were John Roberts, 18, and Elwood Roberts, 17, of the same address.

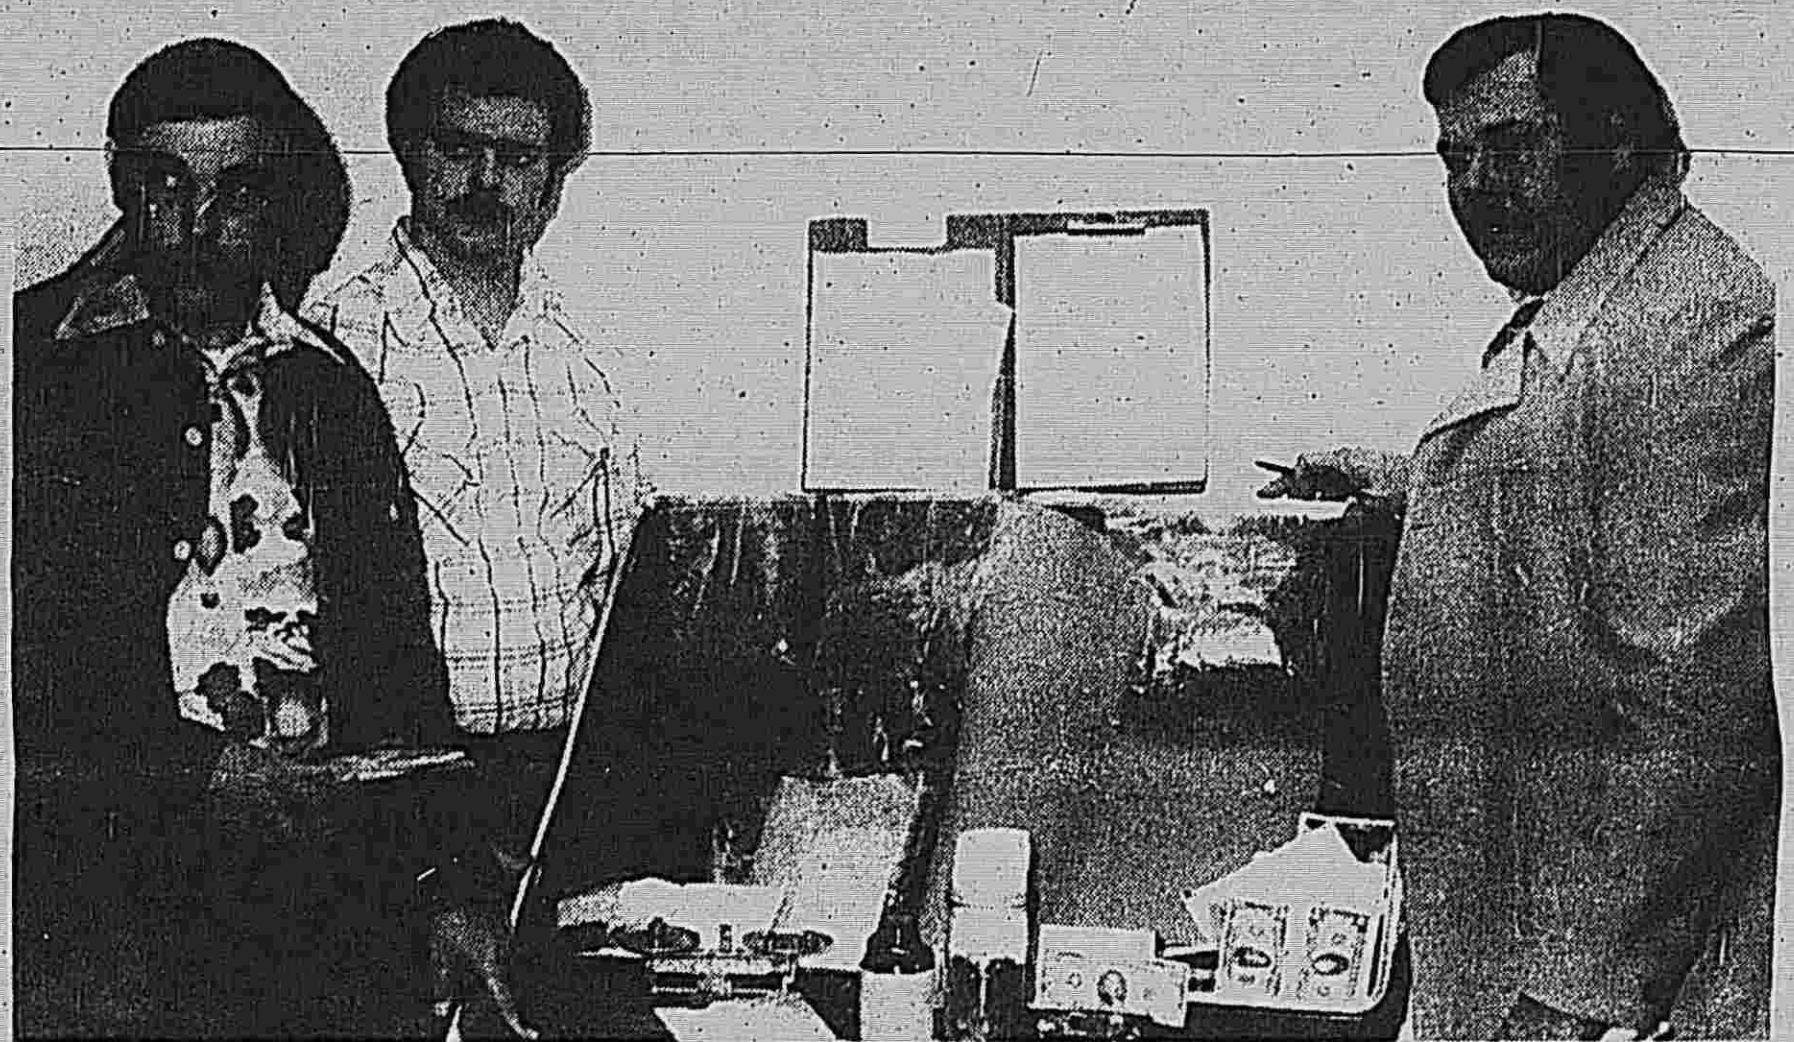

"Upon searching the house we found pipes with marijuana and both young men were arrested for possessing marijuana under 2.5 grams," said Sgt. Tom Fisher.

"This is the harvest from approximately three weeks of investigation," said Chuck Miller, assistant chief of police. "From the beginning of the investigation through the legal efforts of obtaining a search warrant and the actual execution of the warrant, I think it's one of the most professional pieces of police work I've had occasion to see."

SERGEANT FISHER, Sgt. Charles Watkins and officers Stan Revell and Harold Mason entered the residence at 10:15 last Thursday night.

In King's bedroom, Fisher said, they found a suitcase containing the marijuana and a list of about 20 persons believed to be King's customers.

"A detailed investigation will follow in reference to the

## Probe 3 garage fires

A sudden rash of fires at barns and garages in or near the village have raised the question of whether an arsonist is at work.

Antioch's volunteer firemen have been called out to fight blazes at three abandoned or semi-abandoned large wooden structures.

"If anyone living near such a structure sees anyone suspicious around, we hope they contact us immediately," said Chuck Miller, assistant chief of police.

"Try not to scare the person off," Miller added. "Just call the police."

MILLER SUGGESTED THAT the three fires might establish a pattern of intentional burning.

The state fire marshal has been asked to investigate a fire late Sunday night that destroyed several boats and damaged two others in a boathouse and storage building on Rte. 83, south of Antioch.

Antioch Fire Chief Tod Mapletorpe gave a preliminary estimate of the loss at \$20,000, but said it could run higher after further investigation. The building is owned by Floyd Horton of 433 Orchard St., Antioch.

A neighbor, W.A. Biron of 41542 Margate Terr., said he and his wife were watching television when he heard what

Also in King's room, Fisher said, the police found about \$150 apparently connected to drug sales, plus other items that indicate "a business-like operation."

THE ITEMS INCLUDED, the sergeant said, a scale that measures in grams (the type of scale used by drug dealers for measuring small quantities), and plastic bags full of marijuana.

"Our information is that the cannabis was selling for between \$30 and \$35 a bag, Miller said.

Sgt. Fisher obtained the search warrant on knowledge received through an informant, he said.

"For the last three or four weeks we've been receiving information that drugs have been purchased at this residence by different people," he explained.

## Percy wants to help taxpayers fight inflation

Senator Charles H. Percy (R-Ill.) has introduced a major tax cut bill to give middle-income taxpayers more buying power and businesses more investment incentives. The bill - the Tax Reduction Act of 1978 - is designed to help taxpayers who earn between \$10,000 and \$29,000 and pay more than 50 percent of all federal income taxes.

Some consider these taxpayers too well-off to receive tax relief. But their buying power has been slashed by inflation that has driven the average cost of a new car to \$6,200, the average cost of a home to \$50,300 and the average cost of a four-year college education to between \$12,000 and \$19,000, Percy said.

INFLATION IS THE single greatest cause of the increased tax burden for middle-income taxpayers, he pointed out.

Inflation eats away at wage and salary increases with such a vengeance that it is almost impossible for

individuals and families to keep pace. As soon as earnings go up, inflation strikes, making the increases meaningless," Percy said.

Percy's bill would provide considerably more tax relief than President Carter proposed in January.

The bill provides a permanent tax cut to give total protection against inflation for all taxpayers for the next three years. It gives nearly total protection to most taxpayers against new social security taxes.

Percy said the tax cut plan would help businessmen by providing new incentives for investment.

THE BILL LAYS the groundwork for new growth and new jobs by reducing corporate tax rates and increasing investment return," Percy said.

The Tax Reduction Act of 1978 would offset the impact of inflation and higher Social Security taxes for individuals by increasing the standard deduction, the individual exemption, the earned income credit, and the general credit by 6 percent for the next three years; and providing a tax credit equal to 10 percent of social security contributions.

The Tax Reduction Act of 1978 would improve business confidence and investment incentives by reducing the tax on the first \$200,000 of profits to aid small businesses.

"I've seen hard lines ... but this is ridiculous!"

Dear Sir:

The recent dismissal of the School District 34 professional nurse was unfortunate. An admirable record of safety and health care for school children may be endangered because teachers are not medically trained personnel.

Concerned teacher

Dear Sir:

We would like to thank everyone who came out for the 2nd annual Easter Egg Hunt. This event had a good turnout, and the weather was quite agreeable, at least compared to Easter weekend.

We would like to extend our special appreciation to all who helped and to our most supportive sponsors, the Antioch Park Commission, the Antioch Jaycees, and the VFW.

White's Ice Cream Parlor donated certificates for prizes for the jelly bean contest. Rod and Karen White provided tasty treats for the lucky winners.

Mr. Bunny made quite an entrance, riding in with an Antioch Fire Department escort. He greeted the children and after the event walked around the downtown shopping area.

We hope everyone had a very Happy Easter vacation. Also, watch for announcement of our summer 1978 schedule.

## Why can't Antioch have an Audimeter?

By JERRY PFARR

Naturally, I am disturbed that my favorite television show, Barney Miller, isn't listed first in the ratings.

After all, as Shakespeare would say, I am "a fellow of infinite jest and most excellent fancy," so if I think Barney Miller should rank first, shouldn't everyone agree?

I immediately called the all-powerful A.C. Nielsen company and asked how they arrived at their ratings.

MR. NIELSEN INFORMED me that he puts a black box, called an Audimeter, in a mere 1,170 of the nation's 73 million television households ... and the box records which channels the selected families are tuned to.

Pollsters insist they can quite accurately gauge what America is watching by checking only 1,170 homes because those homes are "a demographic representative of part of the nationwide population."

But why can't I have an Audimeter on my TV set? It really ticks me off.

It's like when they picked the world's best-dressed men without bothering to come to Antioch to see how I was dressed.

THEY ALSO SELECT the world's "most admired

women" without asking me which ones I admire ... so the winner always turns out to be someone who looks like Golda Meir.

I told Nielsen:

"Look, I'm your average guy. I have a wife, three kids, a dog, a cat, a big mortgage, two old cars, a one-car garage and three TV sets. How typical can you get?"

"I'm sorry," said Nielsen, "but you have the same demographic characteristics as Joe Mullagatots of Kokomo, Ind., and we have a black box on his TV set. He represents you and about 62,000 just like you."

I COULD SEE I WAS getting nowhere with Nielsen, so I hung up on him and, with the help of an operator, called Joe Mullagatots in Kokomo.

"Joe," I asked, "do you watch Barney Miller at 8 o'clock on Thursday nights?"

"No," he said, "I live near a hospital and there's interference, so I don't get that channel."

Now, I'm going to call Nielsen back and tell him I want to be included in the 1,170 ... after all, there certainly are no hospitals near Antioch.

## Prayer Breakfast set for Apr. 8

The second annual Men's Prayer Breakfast will be held at 7:30 a.m. on Saturday, Apr. 8, in Lauren Hall of Millburn Congregational Church.

Jerry Vander Meer, one of the organizers of the event, said:

"It has been a tradition of our nation to pause and reflect, and in that process to turn to God for guidance and help in maintaining our country's traditions. The Men's Prayer Breakfast is the coming together of citizens of the Northwest Lake County Area in an ecumenical way to recognize our American heritage and our responsibilities to it."

This year's program will concern responsibilities as citizens and Christian men in the senior citizen years.

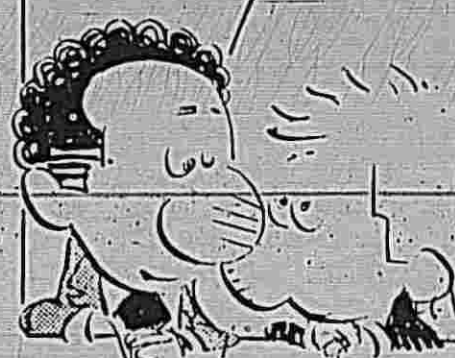

The speaker will be Dr. Blair Plimpton, retired Illinois school superintendent.

The prayer breakfast is sponsored by the following organizations: Lake County Council on Alcoholism, Lake Villa Lions Club, Millburn Congregational Church, Prince of Peace Catholic Church, St. Mark's Lutheran Church, Antioch Methodist Church, Trinity Methodist Church and Grace Community Church.

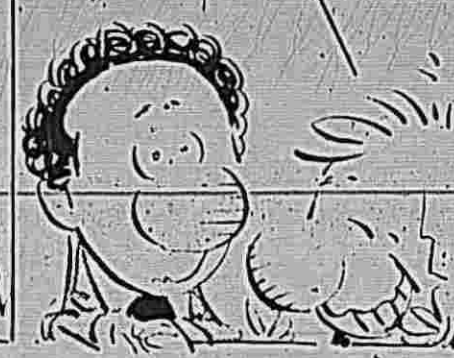

Tickets are \$4 per person and reservations can be made by calling the Farm Bureau Office, Mr. Vander Meer, at 223-4861.

"Men of all communities are invited and encouraged to attend," he said.

Right now when Judge Carpenter of Chicago has ruled that marriages of Illinois divorced people outside the state are illegal if performed within the two years limit required by law a decision rendered by Judge D. L. Jones of Waukegan Tuesday is of interest. He decided that the Illinois law applies to Illinois divorcees only and not to people divorced outside of Illinois.

On the farm of Charles Wilton, north of town there is a hen who seems to think it her duty considering the price of eggs to produce a variety which are worth double the market price. When one of these eggs are broken it is found to contain besides a perfect white and yolk, a perfectly formed hard shelled egg of a smaller size. One of these eggs is on exhibition and can be seen by anyone doubting the story. Another hen on the same farm is producing eggs which measure eight and one half inches measuring lengthwise around and are six inches around. We don't know what breed of hens they keep.

## ANNIE MAE

We're going to miss the folks at the Dortmunder Inn, but wish all the success in the world to the new owner.

"Donia" Hauser is selling the restaurant on Rte. 173 to Winifred Albee of Chicago. The restaurant and cocktail lounge will reopen, probably this weekend, under a new name: "Win Albee's Night Watchman."

Lydia, Donia's mom, found an old menu as they were packing up to leave. We don't know what year it's from, but get this:

steak sandwich 45c, hamburger with french fries 25c, ham sandwich 15c, coffee or milk 10c, and pie 10c.

For \$3 you could have everything listed above.

CONGRATULATIONS TO Dick and Mary Ford of Antioch Carpet. Their new baby, Matthew, was born Mar. 16 at Lake Forest Hospital. He has three big sisters, Nancy, Becky and Chris, and two brothers, Guy and 18-month-old Jacob.

Congratulations also to our good friend and former mayor of Antioch, Bob Wilton, who celebrates his birthday this Saturday, Apr. 1.

FROM MOUNTAIN HOME, in Arkansas, Robert and Jeanette Schumacher write to tell us how much receiving the Antioch News means to them.

"Antioch was our home for more than 50 years," said Jeanette. "We will never forget our friends there."

GOOD NEWS and bad news. First the good news: Jack Siegmeier is back in Antioch as manager of the Four Squires clothing store on Lake St.

Now, the bad news: Sandi Stewart is trading jobs with

Jack and will be managing the Four Squires store in Hawthorn Center, the one Jack just opened for his company.

We'll miss Sandi, but hope to see her back for some of the many special events we have here in Antioch.

Returning to the Antioch store with Jack is Fran Collette.

"Many exciting changes are planned at our Antioch store," said Jack, former president of Antioch's Chamber of Commerce. Jack mentioned a "vastly expanded men's suit and sportcoat department, a new, young men's department featuring shirts, slacks and jeans, and new young suit ideas for graduation, homecoming, etc."

THE HAWTHORN CENTER Easter Bunny was seen hopping toward Emmons School last Thursday. Wonder who arranged that, Angie?

The bunny distributed candy eggs and Easter greetings to the kindergarten and primary grades before returning to his shopping center.

John Kakacek, Emmons' superintendent, said the children were delighted and completely surprised.

## Baskin-Robbins probably coming to Antioch soon

A Baskin-Robbins "31 flavors" ice cream shop, plus perhaps five other stores, will be built on the Orchard St. property just west of McDonald's Restaurant.

The builder, A.A. Tsarpalas of Glenview, reportedly has a July 1 target date for completing construction.

A spokesman for Mr. Tsarpalas said the lease with Baskin-Robbins isn't signed yet, but is "in process."

A sign will go up, perhaps within a week, advertising for tenants for the other stores.

"There can be no mischief where there is music." Cervantes

DR. ABDERHOLDEN

## Dr. Abderholden named 'diplomate'

KANSAS CITY, Mo. - Dr. Edward R. Abderholden of Antioch has been named a diplomate of the American Board of Family Practice (ABFP) after passing a certification examination offered by the board.

He is now certified in the specialty of family practice.

The two-day written examination taken by Dr. Abderholden is designed "to prove his ability in the areas of internal medicine, surgery, obstetrics, gynecology, pediatrics, psychiatry and community medicine," the ABFP said.

To qualify for the examination a physician must have completed either a three-year family practice residency or have been in family practice a minimum of six years and successfully completed 300 hours of continuing medical education approved by the American Academy of Family Physicians.

ABFP diplomates also must continue to show proof of competency in the field of comprehensive, continuing care of the family by being re-certified every six years. No other medical specialty requires diplomates to prove competence on a continuing basis.

The latest group of diplomates brings the total number to more than 14,000. Most are members of the Academy of Family Physicians, the national association of family doctors.

In addition to being the only national M.D. group to require members to take continuing medical study, the academy was chiefly responsible for obtaining specialty status for family practice.

Stacy Harrison placed 9th in the 100-yard free, 6th in the 50-yard free, and swam on the 200-yard freestyle relay that took 4th in the midget age group.

SHELLY VOLLING WAS a triple winner, taking first place in the prep (11 and 12) 50-yard backstroke, and swimming on the 200-yard medley and free relays, both of which took 1st place. Her free relay also set a new district record.

John Bellucci, swimming in the junior (13 and 14) age group, placed 8th in the 200-yard individual medley and 3rd in the 100-yard breast stroke.

Dave Volling, swimming in the intermediate age group, placed 8th in the 100-yard freestyle, 4th in the 100-yard breast stroke, and teamed with Frank Bessette to take 3rd in the 400-yard free relay. Frank placed 6th in the 200-yard free and was a member of the 2nd place 200-yard medley relay team.

THE DOLPHINS ALSO traveled to Peoria for the Illinois state championships, where they took 2nd place as a team, losing only to Ryall YMCA of Glen Ellyn, the defending national champion. More than 50 YMCAs throughout the state participated.

Several of the Antioch swimmers qualified to swim at the state meet.

Sue Harrison swam in the 100-yard free and placed 9th in the 200-yard freestyle. Her sister Stacy swam in the 50-yard free and was a member of a 200-yard freestyle relay team that finished sixth.

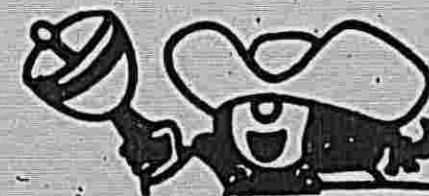

SHELLY VOLLING PLACED 4th in the 50-yard backstroke, and was on the 200-yard medley and free relays, which took 4th and 2nd, respectively.

In the boy's division, John Bellucci swam in the 100-yard breast stroke and the 200-yard individual medley.

Frank Bessette, an intermediate, placed 12th in the 200-yard freestyle and swam on a 200-yard medley team that took 3rd place. He went on to team with Dave Volling to take 4th place in the 400-yard freestyle relay.

Camp Duncan, just south of Fox Lake in Volo, has taken second place in the state for the last three years against Ryall YMCA, which has been the national champion for each of those years.

# Sequoits honored for super year

The honors are pouring in for Antioch High's basketball players who had one of the best seasons in the school's history.

For openers, Coach Roger Andrews' Sequoits went undefeated in 16 Northwest Suburban Conference games to win the North Division championship with ease.

Then they won their regional title before advancing all the way to the sectional championships. At that point, the farthest an Antioch team has ever marched in the state tournament competition, Antioch lost to Rockford East in a game that was close most of the way.

Rockford East wound up fourth in the state.

WHILE WINNING 21 games in 27 starts during the season, the Sequoits knocked off North Chicago, which at one point was ranked 13th in the state.

Four of Antioch's starters -- Brian Andrews, Bill Dubek, John Eder and Tim Huebner -- won all-conference honors. Dubek was named the best player in the league and won honorable mention in the Chicago Tribune's all-state selections.

Three Antioch players -- Andrews, Dubek and Eder -- were named to the All-Lake County squad.

Their teammates elected Dubek "most valuable player," Andrews "captain," and Eder "most improved player." Andrews made 75 percent of his free throw attempts to win the school's Roger Lang Memorial free throw award.

Earning letters were Andrews, Dubek, Eder, Tim Huebner, Tom Huebner, Tracy Sodman, Bill Strzelecki, Dave Gutowski and Roger Korjenek. Other squad members were Scott Gallagher, Rob Nauman, Roger Plechaty, Pete Ploss and Chris Odds. The student managers were Neil Fossum and Charlie Schrieber.

DUBEK LED THE TEAM in scoring with 22.3 average, followed by Eder with 10.5 and Andrews with 9.8.

Sodman had the best shooting percentage, making 53 percent of his field goal attempts. Andrews led in assists with 168, Tim Huebner led in offensive rebounds with 96 and Sodman in defensive rebounds with 146.

Coach Andrews said:

"The season proved to be pleasant and highly successful. With six returning lettermen, the squad was composed of 10 seniors and 8 juniors.

"The season started slow, but an early highlight was the

## Chamber surveys job opportunities

An "Industrial Guide for Antioch" will be the ultimate result of a questionnaire being distributed by the Antioch Chamber of Commerce and Industry.

Glenn Oftedahl, the Chamber's industrial committee chairman, has included "employment opportunities" on the questionnaire which he is distributing to Chamber members.

"TRY TO JOT DOWN job opportunities your company offers," he said. "For example, office help, management trainees, apprentices, machinists, maintenance personnel, etc. There is a lot of talent available in the area. This valuable resource could benefit our businesses and provide local employment at the same time. The result, a stable and prosperous community."

The last item on the questionnaire asks, "What can the Chamber do for you?"

Those of us who pay our membership dues yearly may have suggestions and comments as to Chamber activities. Write them down. For those of you who are not members, what will it take to get you to join up?" Oftedahl is asking.

Copies of the Industrial Guide will be available in a month or so at the Chamber office (880 Main St. - phone 395-3381).

THE CHAMBER OFFICE is currently offering the services of a state subsidized employment agency.

"Our company, Expanda-Foam Inc., for one has had success with employees obtained through this service," Oftedahl said.

ELECTED BY his teammates as their most valuable player was Bill Dubek, high scorer for the Antioch Sequoits. Dubek's deadly shooting included 43 points against Grant, tying the school record, and a 22.3 average for the season.

HELPING THE STATE BANK of Antioch regain the "Athletic Supremacy Trophy" from the Savings & Loan Association was Sandy Witthuhn. After 30 games by men and women of the two financial institutions, the State Bank triumphed.

## Bank regains trophy

The huge old "athletic supremacy" trophy is back in the hands of the State Bank of Antioch.

Bank president Bill Brook's bowlers, coached, inspired and prodded by Wally Jaskowski, defeated the Antioch Savings & Loan team in their 30-game match at Antioch Bowl last Wednesday.

The score was 4,418 to 3,437, pointed out Jaskowski, who calls himself "executive director of the State Bank of Antioch Council of Athletic Activities."

AS USUAL, EACH of the financial institutions will contribute \$100 to a local charity, to be selected soon by the State Bank. (Also, and incidentally, the Savings & Loan had to pay for the bowling and post-bowling activities, the dapper Jaskowski pointed out.)

The whole thing started last summer when Tom Kelly, president of the Savings & Loan, single-handedly defeated a bunch of State Bank swimmers in "The Great Antioch Swim Challenge."

Mr. Brook dug an old trophy out of the bank's basement, had a new engraving put on it, and presented it to Kelly.

JASKOWSKI HAPPENS to be an expert on volleyball, among other things, so he challenged Kelly and his employees to a match in that sport. The State Bank won back the trophy.

Kelly and some of his men happen to be good at racquetball, so they tried that next, and the Savings & Loan won. Saturday's bowling match evened the score at 2 to 2.

In each case, local non-profit charities have benefitted and former athletes have awakened stiff and sore the following morning.

LAST WEDNESDAY, five men and five young women bowled for the State Bank. Debbie Haling led the gals with a 508 series, including games of 188 and 184.

Jaskowski bowled only one game and hit 202. Ken Wermeling had a 539 series on games of 188, 172 and 179.

The Savings & Loan could muster only four men, so they had to use six women. Oh well.

Jaskowski, who likes to estimate crowds, looked around and figured that about 1,143 packed Antioch Bowl for last Wednesday's match.

"Pretty small for an event like this," he shrugged. Other estimates placed the crowd at about 72.

ANTIOCH BOWL CO-OWNER Joe Sterbenz opened up his discotheque for the bowlers after the competition.

Jaskowski said the dancing was supervised by Don Morris and Tony Starcevic.

The score is now 2 to 2. The State Bank has won in bowling and volleyball, the Savings & Loan in racquetball and swimming. What's next? Who knows?

victory over North Chicago. For one of the few times an Antioch team did rather poorly in the Rockford Classic, but after those two defeats, the team really came alive. The team then proceeded to win 16 straight games."

"This proved to be one of Antioch's better teams," the coach added. "During the season two school records were set and two records were tied. The 16 straight wins set a new school record - the old record set in 1970-71 was 14 straight wins. Bill Dubek made 20 baskets in a game against Grant, breaking the old record set by Keith Bolton of 18. The ties were 43 points scored in a single game by Dubek (the record was set by Bob Kubicki in 1963) and the other, assists in one game - 13 by Brian Andrews - tied the record set by Tim Mieuire in 1971."

## Why Pay More Than Necessary When You Finance Your Next Car? It's too bad, but most people do.

The reason: banks, finance companies, and most other lenders typically calculate interest in advance when you sign up for the loan. So, you pay interest on the entire amount you finance, regardless of how quickly you pay it back.

But with our revolutionary new Simple Interest Loan, interest is calculated daily and only on your outstanding balance. This means you can save significantly if you pre-pay or pay off the loan early.

Let us make your hard-earned money work harder. Ask us about our Simple Interest Loan.
